## SEVERAL KNOTTY PROBLEMS STILL BEFORE BIG FOUR

Paris, April 22.—Premier Orlando absent himself from this morning's session of the "Big Four."

While no official statement was forthcoming regarding the status of Italy's territorial claims, it was understood the deadlock continued and that the Italians had stood aside, willingly or otherwise, to permit consideration of other problems.

Japan's demand for ratification of her occupation of Kiao Chau and the Shantung peninsula presents a situation paralleling the position of Italy. Presentation of the Japanese claims has been deferred from day to day since last week owing to the pressure of the Italian question. It was announced last night that if the Italians did not appear before the "Big Four" today, Viscount China would be heard on the Japanese claims.

Japanese representatives conferred informally with the Chinese delegates yesterday regarding the amicable settlement of the question which involves territory that is admittedly Chinese and which was to be awarded to Japan under a secret treaty similar to the "pact of London," on which Italy's demands are based. It was admitted in Japanese circles that this conference failed of its purpose and that the matter must now be decided by the "Big Four."

Meanwhile, unofficial information received in Paris tended to show that Orlando and Sennino are guided in their attitude largely by the internal situation at home. It was reported that conditions there are such that a revolution—either bolshevik or republican—is likely soon. Distribution facilities are poor, the coal supply is greatly reduced and the whole nation is known to be uneasy. Socialistic demonstrations, with occasional anarchist disturbances are becoming more numerous. Many observers expressed the belief that continuance of the present government depends upon the peace delegation's settlement of the Fiume question.

## THIS YOUNG MAN IS HAVING A BIT OF VERY HARD LUCK

New York, Apr. 22.—Miss Margaret Carnegie, the richest girl in America, today became the bride of Ensign Roswell Miller, U. S. N. R. F., an officer in the navy. The wedding occurred at the New York home of Mr. and Mrs. Andrew Carnegie, 91st and Fifth Avenue. It was attended only by immediate relatives of the bride and groom. Not a single member of New York's four hundred was invited. The entire guest list was scarcely more than a score.

Miss Carnegie is the only child of the Laird of Skibo and will inherit his entire fortune, estimated at \$600,000,000. Ensign Miller is the son of Mr. and Mrs. Roswell Miller. His father, previous to his death, was chairman of the board of directors of the Chicago, Milwaukee and St. Paul Railroad, and as fortunes go, was not considered wealthy.

The bride's age was given as 22, and the groom's as 24 on the marriage license. Miss Carnegie was graduated from Miss Spencer's, an exclusive girl's school, in 1916.

Miller, at the time he went to France to become a truck driver in the French army in 1916 was a Sophomore at Stevens Institute, where he was preparing to become an engineer. When America entered the war, he returned to enter the navy, receiving an ensign's commission.

The wedding was very simple and in keeping with the domestic ease of both the bride and groom.

The magnificent Carnegie mansion, built at a cost of several million dollars, was profusely decorated with ferns and palms. Music was furnished by the immense pipe organ, one of the notable features of the Laird of Skibo's New York home.

The bride was given away by her father. They passed down an aisle of ferns and palms to the improvised altar to meet the groom and his best man. Carnegie is in his 84th year, his daughter's engagement having been announced on his 83rd birthday last November. At the time of his marriage to Miss Lucy Whitfield, in 1891, he was past 56, and was already worth many millions. His wife less than half his age, was also wealthy.

Immediately after the ceremony, a wedding breakfast was served. Shortly afterward Ensign and Mrs. Miller left on their honeymoon. Their destination is unknown, even to their intimate friends.

## PICKPOCKETS GET IN WORK AT THE CARNIVAL GROUNDS

That pickpockets worked among the crowd attending the carnival Monday was evidenced when two reports came in to police headquarters of the theft of pocketbooks.

The department was notified of either the loss or theft of a pocketbook containing \$35 belonging to Frank Botorff, while he was attending the carnival Monday night. One of the carnival show girls also reported the loss of a pocket book containing \$6.00.

Two colored men, who gave their names as Bob Jones and M. C. Brown, and who said they were from Louisville, Ky., were picked up by the police on the carnival grounds afterward and locked up on suspicion. They were given a half hour to get out of town by Police Judge Smith, when evidence failed to convict them with the thefts.

## ITALY STANDS PAT ON DEMANDS FOR TERRITORY

Rome, April 22.—Postponement of the opening of the Italian parliament is generally regarded as the maximum concession on Italy's part in regard to her territorial claims. It was pointed out that this would permit two weeks further consideration (until May 6) of the Italian program. Beyond granting this additional time, Italy is unwilling to go, and it is openly declared in official circles that the allies must accept her claims within that period or Italy would take over steps to enforce them.

(Unofficial reports have been circulated that Italy is prepared to undertake military occupation of the disputed territories.)

"Foreign Minister Sonnino is determined to obtain what is granted us in the pact of London which is Italy's minimum demand," declared the Paris correspondent of the Giornale D'Italia. "He will not renounce a single foot of territory. President Wilson must be convinced that our Adriatic claims admit of only one solution—Italy's."

Following the cabinet session this afternoon, several ministers were requested to discuss the situation in Paris. All replied that they confidently await the decision.

## FESS AND GARD ENGAGE IN DEBATE ON THE LEAGUE

Dayton, April 22.—Simeon D. Fess, Republican member of congress from Ohio, criticized the proposed covenant for a league of nations, first, as endangering the independence of the United States, and second, placing in the hands of a group of foreign powers part of American sovereignty, in an address last night in the First Reformed church. Warren G. Gard, Democratic member of congress from Ohio, defended the pact and asserted that it extended to all the world the principles of freedom that are enjoyed in the United States and guaranteed to it by the American constitution.

Congressmen Fess and Gard debated the league before a crowded session of the men's class of the First Reformed church, at which there were many women present. Fess opened the debate, taking the covenant article by article, and laying bare the dangers to America that he saw in an entangling foreign alliance.

The route will be divided in three parts, indicating the different phases of the war. The Porte Maillot will be soberly decorated. There the city council will greet the allied troops in full war paraphernalia. The troops will march from the gate to Etoile through war-like settings, including guns and standards on which the names of the various battles are inscribed. On the Place De Etoile battle-torn flags will face Arc De Triomphe around which will be gathered the official tribunes.

## Dictated Peace What Germany Deserves Is The Assertion Of Barth

NOTE:—Following is an interview presenting authoritatively the viewpoint of the radicals regarding the present situation in Germany. An interview with President Havenstein, of the Reichsbank, representing the conservative viewpoint was received yesterday.

BY FRANK J. TAYLOR.

United Press Staff Correspondent.

(Copyright 1919 by the United Press) Berlin, April 22.—The present German government is playing into the hands of the reactionaries and militarists, who expect to overthrow the republic and re-establish the monarchy as soon as the allied armies are demobilized, Emil Barth, radical leader, charged in an interview with the United Press today.

Barth, who was a member of the provisional cabinet, just completed a three months tour of Germany, studying developments and determining the strength of the workmen.

The threatened monarchist revolution may be averted, he said, by a popular uprising which would result in establishing a proletarian dictatorship. Among other statements made by Barth was that:

Germany can and should pay for the destruction she wrought.

There is already enough food in Germany, if it were fairly distributed. France is justified in fearing German militarism be positively destroyed.

President Wilson has been deceived by the present German government.

The allies made a mistake in compromising with Germany on the Danzig question, as the militarists now believe they can get what they want at Versailles.

Germany ought to have a "dictated peace" as it is all she deserves.

"As a result of my intimate observations, I prophesy one of two things will happen," said Barth. "There will be a second revolution, either before peace is signed or as a result of the government's refusal to accept the entente's terms, resulting in the establishment of a proletarian dictatorship—or the royalists will inaugurate a counter revolution as soon as peace is signed."

"The monarchists would bring the kaiser, the crown prince and the rest of the royalty back and Germany would be the same menace to Europe that she was before. General Ludendorff and Groener are behind this movement but General Von Vorbeck who is being daily honored by the Germans as the undefeated victor of the African campaign, is actually the military commander chosen to conduct the 'counter-revolution.'"

"Already the militarists are aiming to win over the Bourgeoisie, as well as the royalist peasants, either with or without the knowledge of the government. Counting the veteran army as certain to align itself with this movement, the monarchists can count on at least three million armed supporters."

"The Republican volunteer corps, organized by the present government, is the most corrupt, brutal and dishonorable military body Germany has ever seen. The men are drawing the normal pay of officers and four marks bonus every time they stand guard. They also have free theater tickets and similar privileges. They serve because they get big pay and good food. They are given three times the rations that civilians draw, while women and children starve. There would be plenty of food in Germany if it were fairly distributed. I beg the entente to investigate and insist that soldiers have only the same amount of food as hungry women and children, before sending more supplies to enable the militarists to strengthen themselves."

"France is absolutely right in fearing Germany and demanding that German militarism be positively destroyed. President Wilson is completely deceived in the present German government. I say this though I admire him as the greatest man of the present time."

"The German whine that we cannot pay indemnities is disgusting. We can and should pay for the destruction we have wrought. The way to pay is to oust the capitalists who financed the war and who hold the bonds now, ready to sacrifice anything to retain power and drain the German people of 25 to 40 billions of marks yearly. It is to their interest to enslave the German Michael (common people) who suffered while the capitalists loaned money."

"The Germans were not heavily taxed. The war debts were entirely floated by bonds. The Germans are willing to pay France and Belgium, though they will refuse to work and repay the whole outside world. There

is one way we can pay our obligations to the entente. We must have a dictatorship of the proletariat, at least temporarily. By proletariat, I mean everyone who works, whether with his hands or his head. We would not make the same mistakes Russia did. We would not limit a man's earning capacity. Thyssen, the millionaire manufacturer, who has brains would earn the same salary he received in the past, but could not speculate and amass a fortune for his heirs.

"Give the workmen a chance by lifting Germany's internal load. It is the only way the entente can collect. Do not judge Germany by taking America as an example. Your country never was shackled by a militaristic capitalism, the same as we are."

"The biggest mistake the entente has made since the armistice was by giving in to Germany on the Danzig question. The militarists now are bragging they will just show a little spunk and get what they want at Versailles."

"Germany ought to have a dictated peace. It is all we deserve. Then we should pay up. There would be peace inside of 24 hours if the people led the signing instead of the present government."

## JUDGE McCANN OF DAYTON, FIGHTS OFF TWO THUGS

Dayton, April 22.—Judge B. F. McCann, 315 North Boulevard, was held up last night at the point of a gun by two highwaymen at First street and Lovers' lane about 11:30 o'clock. The judge fought the two men off before they could secure anything and put them both to flight.

As one of the men confronted him with a shining, nickel-plated revolver, pointing it at his head, the judge engaged him in a tussle, placing his own finger between the trigger and the cartridge. The highwayman pulled the trigger, but the mechanism of the weapon refused to work, and no explosion followed. The judge escaped with only a slight laceration on his hand.

One of the men was about 25 years old, smoothly shaven and weighed about 150 pounds. He wore a soft hat and dark suit. The second man was of about the same age, smoothly shaven and weighed about 110 pounds. When asked if the highwaymen succeeded in getting away with anything, Judge McCann replied that the only thing the two men got was a "good fight."

## POISONING FROM EASTER EGG DYES CAUSES DEATH

Poisoning from Easter egg dyes is believed to be responsible for the death of John T. Jacobs the baby son of Mr. and Mrs. Charles Jacobs of this city. The child died at 9 o'clock Monday night at the home of Mrs. Jacobs' parents in Cincinnati, where the baby and his mother were visiting.

The child was taken ill at 9 o'clock Monday morning, after eating colored eggs. The attending physician believes that the egg dye caused poisoning. An investigation is being conducted. The baby was two years old, and was an only child.

Mr. Jacobs, who is employed by Charles S. Johnson as a decorator, was working in Cedarville, Monday and he could not be reached with message regarding the child, until after the little one's death. GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY, WAVY

A small bottle destroys dandruff and doubles beauty of your hair.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that all you surely can have beautiful hair and lots of it if you will just try a little Danderine.

GOITRE

Removed For This Springfield, Ohio Girl by External Remedy.

Mrs. Frank Beard, 1610 Karr St., Springfield, Ohio, in her own home paper, the Springfield Daily News-Signal Quadruple removed a goitre of five years' standing from my daughter, five years ago, and it has never bothered her since. It enlarged her neck 1 1/2 inches and made her nervous wreck. We despaired of her life. It took less than one bottle to restore her to good health. I am glad to tell anyone our experience, even by letter.

Sorbol-Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate the skin. After the goitre is removed, the parts are left in a healthy normal condition. Requires ten minutes daily. Get further information at Sayre & Hemphill's Drug Store and druggists everywhere, or write Sorbol Company, Mechanicsburg, Ohio. adv.

Appearances indicate that there will be an unusually large crowd take advantage of the open meeting to be held in the rooms of the Xenia Business Mens' Association Wednesday night at which time both men and women, members and non-members of the club are invited.

An interesting feature of the program will be the address by Albert Francis Turrell, who having lately returned from overseas, has an interesting tale to tell of his experiences both in this country and on the other side. As Mr. Turrell was in the ambulance corps and will probably discuss this phase of the fighting game his story will be different from the usual and should be exceedingly interesting as well as educational.

An interesting and delightful affair of the past week was that given by Mrs. Bessie Walls of Dayton, at the home of Mrs. Virginia Williams of E. Market street, last Tuesday evening. About 20 friends were present and enjoyed an evening of rare pleasure. The occasion was the birthday anniversary of Mrs. Walls and Mr. Wm. Arthur, of Dayton. Both were the recipients of some very beautiful and useful gifts. The guests after extending congratulations and best wishes were served an excellent dinner.

Among those who enjoyed the evening were Mr. and Mrs. Phillip Mathews, Mr. and Mrs. William Lindsay, Mr. and Mrs. Allen Borden, Miss Cadellus Hunter, Mrs. Florence Evans Robinson, Mr. O. S. Harris, Messrs. Nelson Corbin and Oscar W. Price, Mr. John Walls, Mrs. Wm. Arthur of Dayton and Miss Arthur of Virginia.

When Love Comes. As long as you don't love anybody much, your character is like a garden in winter, one virtue is under a glass shade, and another is covered over with straw, and all of them are dreadfully pinched and sickly. Then love comes by and it is summer and your garden rejoices and blossoms like the rose, without your bothering about it at all.—Ellen Thoraceroft Fowler.

Women Find Clear Skin In Simple Laxative

A sense of false modesty often prevents women from admitting that many of her ills and disorders are due primarily to constipation.

But women who know themselves have learned that headache remedies and beautifiers only cover the trouble but do not dislodge it.

What is needed is a remedy to move the bowels and stir up the torpid liver. An ever-increasing number of sensible women take a small dose of a combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin and sold by druggists under that name.

It will save a woman from the habitual use of headache remedies, skin lotions and similar makeshifts. Once the bowels are emptied and regulated, the headache and the pimples and blotches disappear. It is the rational, natural method.

A bottle of Syrup Pepsin lasts a family a long time, and all will find use for it from time to time. Thoughtful people are never without it in the house.

The druggist will refund your money if it fails to do as promised.

Dr. Caldwell's SYRUP PEPSIN The Perfect Laxative

PRICE AS ALWAYS In spite of greatly increased laboratory costs due to the War, by sacrificing profits and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 26 years. Two sizes—50c and \$1.00.

FREE SAMPLES.—If you have never used Dr. Caldwell's Syrup Pepsin send for a free trial bottle to Dr. W. B. Caldwell, 468 Washington St., Monticello, Ill. If there are babies at home, ask for a copy of Dr. Caldwell's book, "The Care of Baby."

## CATHERINE GREENE CHAPTER BUYS FIRST BOND FROM WOMEN

Catherine Greene Chapter, Daughters of the American Revolution, bought the first Victory Bond sold by the women's loan committee in Greene county. The bond is of the \$100 denomination.

This announcement was made to the Daughters Monday afternoon at the home of Mrs. Mary Meredith, where they were holding their April meeting. The Daughters have always been among the first to purchase bonds in the previous war loans and they were not backward in their patriotism in the campaign now opening.

A very interesting and enthusiastic meeting was held by the Chapter in Mrs. Meredith's beautiful new home, and plans were made which were largely for patriotic purposes. The hostesses with Mrs. Meredith were Mrs. F. L. Magruder and Mrs. Charles Darlington.

It was arranged to celebrate Flag Day, June 14, at the country home of Mrs. John W. Peterson on the Wilmington pike. Tentative plans were made for a unique entertainment, a "style show," to be given the first week in June by the Daughters at the home of their regent, Mrs. William M. Wilson. Mrs. Wilson placed plans for this entertainment before the Daughters, and they were enthusiastic over the idea. The "style show," will not be an exhibit, of present day fashions, as some might gather from the title, but an interesting and attractive presentation in the form of a delightful program, of the quaint dress of past generations.

The playlet will be presented at the home of Mrs. Wilson, and an admission fee will be charged, the proceeds being placed in the Daughters fund for patriotic purposes. The idea of having the playlet presented here occurred to Mrs. Wilson when she learned of the decidedly favorable impression it made when it was given recently in Zanesville on two different occasions.

Another patriotic move made by the Daughters at Monday's meeting was to adopt the plan of the state regent to send delicacies to the base hospital at Camp Sherman for the convalescents. The camp commandant has approved this plan, and members of the organization all over Ohio will send delicacies to camp for the

boys recovering from wounds or illness.

A very enjoyable part of the afternoon was the musical program which was furnished by Mrs. Meredith, Miss Emma Davidson and Miss Margaret Fletcher. Mrs. Meredith and Miss Davidson sang several numbers, accompanied by Miss Fletcher, who also played some solo selections.

## MOTOR AIDS

No matter how conscientious and careful the driver of a car may be in avoiding bad pavements, skidding or faulty wheel arrangement, the temptation to skim down car tracks when there is smooth going is hard for him to resist. Aside from the element of danger attending skids from contact with the frogs and switches of street car tracks, the premature death of a tire is certain, because of the abnormal strain on a section of the tire. When on tracks most of the load is concentrated on a small portion of the tread so that it is overloaded and quickly wears away.

Lubrication is one of the most important details of driving an automobile. It doesn't matter what kind of a car you drive, it must be well oiled and greased to give the service it is capable of. A few minutes' time once a week will save considerable expense. Keep your car greased, and keep the oil in the crank case at the proper level. Then your car will always be ready for any test.

## Maxwell

—a car made of more brains than metal

SO much material and so much labor go into every car. And so many bookkeepers record the business done.

Have you ever stopped to consider the brain power that goes into a car?

Take the Maxwell, and note such men as these employed in its development:

1. The originator of quantity production in the automobile business and the master mind in the employment of machinery to produce quantity.
2. One of the two leading production men in America.
3. One of the two leading metallurgists in America.
4. One of the leading foundry engineers in America.
5. Probably the leading cost man in America.
6. A road testing engineer that has driven a car further than any living man.
7. An accountant that keeps a daily balance in a business that exceeds \$50,000,000 a year.

These are but seven of more than thirty men of exceptional capacity who team together in the operation of the Maxwell business. The career of any one of these men furnishes a great human story.

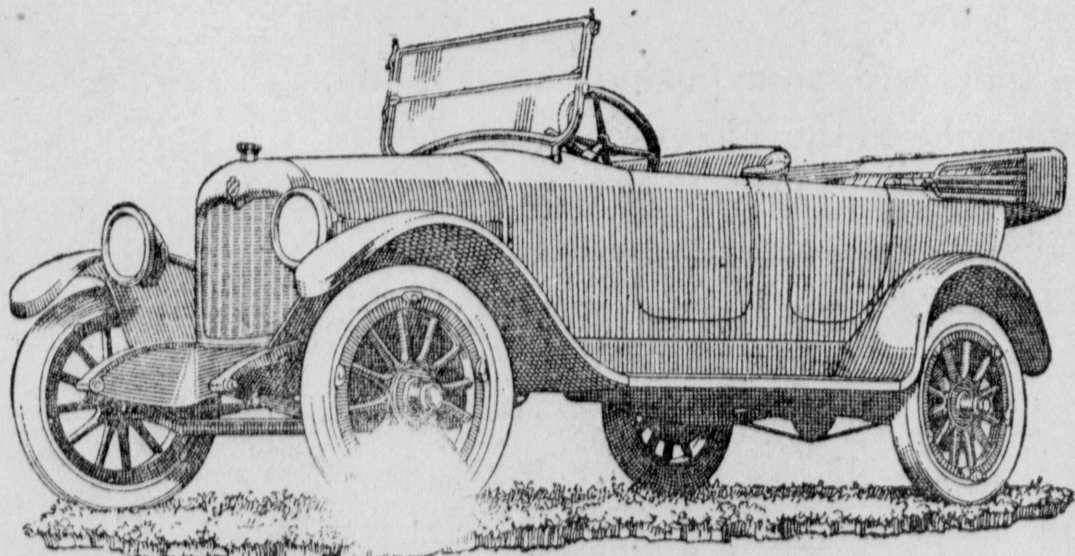

The result is evident in the Maxwell of today—a car with a lineage of 300,000 before it. All designed and built on the original chassis program.

It is a car that grows better day by day.

Because more brains than metal are put into it.

### AN "OUT" WHO WANTS TO GET "IN."

Senator H. J. Ritter, of Miami County, has presented a bill in the Ohio Legislature providing that a requirement for the position of Superintendent of the Ohio Soldiers' and Sailors' Orphans' Home, at Xenia, shall be that the incumbent must be an honorably discharged soldier, sailor or marine. The bill brought forth strong opposition from all parts of the State, both from Republicans and Democrats, because of the acknowledged superior management of the institution by Mr. J. P. Elton, the present Superintendent, whom the bill is supposed to legislate out of office. The Columbus Telegram account of the matter added this: "The aspirant for the place, a Civil War veteran, who had been lobbying for the bill, left for his home Thursday, resigned to the fact that there was no chance of its passage at this session."

But Senator Ritter having gone home sick, in the flurry of a "hilarious" night session before adjournment for a two weeks recess, Thursday night, on motion of a member, to honor Senator Ritter in his absence, the bill was taken up and without a dissenting vote passed the Senate. A strong effort now will be made, it is said, to pass the bill in the House of Representatives when the General Assembly reconvenes, May 5.

The "milk in the coconut" is shown by the statement that the applicant for Superintendent Elton's position has been at Columbus lobbying for the passage of the bill. Only this and nothing more—an "out" who wants to get "in." But in this proposition there are a good many more things that should receive consideration than the simple requirement named in this bill.

It takes a man of "peculiar" ability to properly manage a great institution like this Xenia Home. To start with, he must be a "paternal" man—must have the love of children inherent. He must be a good judge of character, to secure good matrons and school teachers. He must be a man of fine executive ability to oversee the hundreds of details connected with the Home, and with the expenditure of so large an amount of the State's money.

Not more than one man in a thousand has the "peculiar" ability to successfully and properly fill this kind of a position, so that when the right man is found he should be held on to. The Home has had a number of such—to the great advantage of every one of the nearly a thousand boys and girls in the formative years of their lives. And, sad to say, the Home has had the experience of having had a number of Superintendents who "fell down" badly in ability to make good—who were failures.

Now on the re-assembling of the Legislature, and this Ritter bill comes up in the House, we hope the members will do well to ask themselves very seriously whether it is not better, in the interest of a thousand children, to find "the right man" for Superintendent of the Xenia Home rather than to turn things topsy-turvy to accommodate some "out" who wants to get "in."

The father of two healthy growing boys was one day casting about for some legitimate amusement for his children on the Sabbath day when he came upon what he called "the Sunday puzzle." It was a map of the United States cut up into various shapes and sizes, and then it was that the mind of the boys was fixed on putting that map together and its intricacies accomplished the father's desired end; namely, keeping them quietly busy on that day, for their thought was wholly occupied in fitting into the place Texas occupied, the state of Minnesota; and somehow, of course, Maine would not occupy the place of New Mexico, and the effort involved became so taxing that the boys were ready to give up in disgust when suddenly some one discovered on the other side of the map the figure of a man, and then, from that point they began intelligently and interestingly to fit together limb to limb and part to part until the figure of the man

took form and then the map took care of itself.

Moral—Let us "find the right man." Don't let us try to fit round-pipe like men in square holes. It can't be done.

### TWO ENGLISH BULL DOGS SHOWING THEIR TEETH.

Open warfare between David Lloyd George, the British prime minister, and Lord Northcliffe, England's foremost publisher, is to the political world the most interesting result of the premier's flying visit to London from the Paris Peace Conference and his speech before Parliament Wednesday.

Lord Northcliffe has been credited with being the power behind the scenes who brought about the retirement of Premier Asquith and the succession of Lloyd George to the head of the cabinet. Northcliffe's newspapers gave Lloyd George general support throughout his management of the war, but when the general election followed the armistice they shifted somewhat to the attitude of friendly critics. Only during the latest developments of the Peace Conference have they become sharply critical of Mr. Lloyd George's leadership.

The premier in his speech in the House of Commons credited this fact to the "disease of vanity" and pointedly hinted that it was due to disappointment on Lord Northcliffe's part that he had not been appointed on the peace delegation. The premier referred to the peace terms Lord Northcliffe recommended in the Times before the Peace Conference began, saying:

"I am prepared to make some allowance when a man is laboring under a keen sense of disappointment. However unjustified and however ridiculous the expectations may be, under those circumstances he always is apt to think the world is badly run."

The Times replied with a slashing attack, accusing Lloyd George of overlooking reports prepared by experts.

"It is currently said by his colleagues in Paris," the Times declares, "that while he is able to read and write, he does neither."

The Evening News, a Northcliffe publication, prints a cartoon of the premier hovering over Westminster in an airplane, labeled "Hot Air," with bombs for the Northcliffe papers.

Lloyd George and Lord Northcliffe probably are the two most influential personal forces in British politics, and now that they are fiercely and publicly joined in battle, the effect of Lloyd George's political fortunes and the test of influence of the Northcliffe press, which is expected to follow, will mark the beginning of a new political chapter, the developments of which are being discussed with the liveliest interest. Each man is an eager fighter, and the battle between the little Welsh "Giant" and the newspaper Napoleon is not likely to be a tame one.

### The Door.

Few persons realize what a modern convenience is the familiar door. No primitive peoples have, or ever did have, doors; the great temples of Egypt and of Greece had doorways, of course, but no doors. Often there were silks and tapestries hung over the doorways or doors or gates; but the door proper is absolutely an improvement, even a luxury, of modern civilization.

### AN UNEXPECTED VISITOR

#### CHAPTER LXVIII.

I wept bitterly after Neil had gone. For over an hour I cried and sobbed before I could reason myself into calmness. Then I bathed my swollen eyes and wondered how I should ever get through the day. Neil had been so disagreeable, he might be still more so when he found out that I had made a second visit to his office asking to look at his letters. I could see myself at nothing. Even my boy annoyed me with his childish questions, usually so interesting. I had just about decided to order the car and take him with me for company, and ride out into the country, when the telephone rang.

"Hello," a masculine voice called. "I should like to speak to Mrs. Forbes."

"I am Mrs. Forbes."

"This is Mr. Frederick speaking. I just got in and found your telephone number in my box with a request to call. You are in no trouble, I hope?" real anxiety in his voice.

"No—not anything much—I am glad to hear your voice. Won't you run up and lunch with me? I will call Neil and ask him to come home."

"I shall be delighted to come. One o'clock?"

"Yes—one o'clock."

I immediately called Neil. Not until I had him on the wire did I think he might wonder why Mr. Frederick should come up to luncheon with me, instead of remaining down town with him, as he often did, neither did I think that it might look queer to Neil that Mr. Frederick had called me up.

"What is it?" he asked shortly. I had told the operator who I was.

"Can't you come home to lunch, Neil?" I have—

I was about to say "I have asked Mr. Frederick" when he interrupted me gruffly:

"No I can't! I am going elsewhere to luncheon. Good bye!" The click of the receiver effectually prevented my saying more. My eyes filled again at his tone, yet I also experienced a feeling of relief. I would have to make no explanations, and I could talk alone with Mr. Frederick.

I had not decided to confide in him. Really I thought I would say nothing of my awakened doubts of—not Neil, but his business methods. I would just chat of impersonal things, and forget I was unhappy.

He came promptly, and seemed so glad to see me, he held my hands in his so warmly, that I had all I could do not to again burst into tears. I was so nervous, upset because of my worry, my sleepless night. Neil's manner toward me, and my fear that I should not be able to make him understand my motives. So the hearty greeting of this great-hearted bluff Westerner, touched me deeply.

Fortunately luncheon was all ready and we immediately sat down. I told him Neil had a previous engagement so could not join us. "In fact he was in such a hurry I did not have time to tell him you were to be here," I told him, then blushed to think he might imagine I didn't wish Neil to know since he would not join us.

"I can understand that, he has been away has he not? I saw his name in a Chicago paper as a guest at one of the hotels."

"Yes, he only came home last night," I replied, then we chatted of ourselves. He told me of much he had done, where he had been. I admired the new furnishings, and I explained that I also had been very busy. I had almost forgotten that I longed to tell him my suspicions, almost forgot that Neil was angry with me so pleasantly

did the time pass. But after we had finished luncheon and we were sipping coffee in the library, all my anxious thoughts returned to me. The cause, a question he asked:

"You have been crying little lady. May I ask if you are in trouble, and if you are, is it anything I can help you bear?"

To-morrow—Mr. Frederick Cannot Give Barbara Much Comfort.

Nervous headache is the result of a run down weakened nervous system. You feel out of sorts—everything seems wrong—food disagrees with the tired stomach—you can't sleep and have a constant case of "the blues."

Rev. Geo. Heffelman of New Cumberland, Pa., tells how he was cured after he had almost given up hope.

"Five or six years ago I became greatly worried on account of the condition of my nerves. I was prostrated and suffered so much I thought I would never be well again. I used one bottle of DR. ## DISCOURAGED

You have tried everything. It's the same old story. I hear it everyday. Your courage is gone, your faith is gone. The end would be gladly welcomed, but even that won't come. What would you give to be a well man? A well woman? What wouldn't you give? Worse cases than yours, are yielding as if by magic to its subtle power. Why not your case? I will leave it to your intelligence and good judgment. Slaves to mock or false modesty you deserve to suffer. 95 per cent of the supposed incurable cases could be relieved physically and mentally, if they would only confess it to a friend, family, or better, a skilled physician. Don't argue I've tried electricity with no results—you may have no idea what an up-to-date electrically equipped institution really is.

IF I ONLY KNEW JUST WHAT AILS ME.

How often have you made this remark? Yet you continue to suffer, hesitating to seek aid because you consider that medical attention would be too expensive, or, perhaps, are you dissatisfied with past treatment.

Remember, all the wishing, hoping and praying never cured any real physical ailment. Then, why continue to grope in the dark, suffering pain, discomfort and dissatisfaction?

An X-ray examination will cost you but one dollar and is considered by the medical profession as one of the greatest aids to a correct diagnosis. If your case is not incurable you can be treated in one of the most completely equipped offices in the Middle West. 25 years experience.

Office Hours: 9:00 a. m. to 7:30 p. m. Sundays: 9:00 a. m. to 11:30.

Also Eczema, Salt Rheum, Ulcers, Old Sores and Carbuncles.

Under the influence of San Cura Ointment surprising improvement is made so quickly that it seems almost miraculous.

Stubborn cases of piles like those of Rev. W. F. Gilbert of Titusville, Pa., vanish before the marvelous antiseptic Ointment. Mr. Gilbert writes:

"For twenty years I suffered with bleeding and itching piles; at times I was confined to the house for more than a month. Two years ago I began using San Cura Ointment and one 60c jar made a firm and permanent cure. I have not been troubled since."

San Cura Ointment is guaranteed by Sayre & Hemphill, who are the agents in Xenia, to help any of the above named diseases or money back. It relieves pain from burns, cuts and bruises, draws out the poison and often heals in a short time. 30c, 60c and \$1.20 a jar at Sayre & Hemphill's.

## HAD THROAT AND STOMACH TROUBLE FOR FIFTEEN YEARS

Mr. Bates tells how he finally got rid of it. Says he's cured.

"I had throat and stomach trouble for 15 years. A dozen doctors gave me no relief. Finally they sent me to Colorado. I stayed there three months without benefit and came home coughing worse than ever. Then I heard of Milks Emulsion and commenced taking it. Before I had taken half a bottle, I found it was doing me more good than all the medicine I had ever taken. I continued its use until it cured me sound and well. I have gained 15 pounds, don't cough any more and can eat anything. Thank God I heard of Milks Emulsion."—John Bates, 179 S. West St., Carbondale, Ill. Sufferers from indigestion, bloating, dizziness, bad cough and all other variations of stomach trouble should try Milks Emulsion. It costs nothing to try—it is guaranteed. And it has quickly succeeded in thousands of severe cases. Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to run-down nervous people, and it has produced amazing results in many cases of asthma, chronic bronchitis, and tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions, and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold and guaranteed by Sayre & Hemphill.

## THE PRAISE CONTINUES

Everywhere We Hear Good Reports of Doan's Kidney Pills.

Xenia is no exception. Every section of the U. S. resounds with praise of Doan's Kidney Pills. Thirty thousand persons are giving testimony in their home newspapers. The sincerity of these witnesses, the fact that they live so near, is the best proof of the merit of Doan's. Here's a Xenia case. S. M. Poland, retired farmer, 409 W. Second St., says: "I was greatly annoyed by the way my kidneys acted and the secretions showed that my kidneys were out of order. There was a dull, heavy feeling right across the small of my back. Doan's Kidney Pills relieved me in a short time and I was soon perfectly well again. Several times since I have used Doan's, and they have always brought me quick relief."

## "I have been

Using Your Sulphur Tablets More or Less for Many Years and Have Recommended Them to Many. Because I Think They Should Be in Every Home."

Thus writes Mr. Wm. Cameron, 1021 Ellis Place, Denver, Colo., and we publish this brief statement to prove the never-ending value of Sulphur Tablets, in the treatment of such ailments as headaches, pimples, boils, rash, new action, and consequent impure blood manifested in many ways, such as headaches, pimples, boil, rash, hives, rheumatism, etc. Neglected constipation undoubtedly brings on a long train of more serious ills and the way to get relief is to use Sulphur Tablets as a laxative tonic blood clearer.

They are made of extracts of herbs and roots and contain sulphur and cream of tartar, thus supplying the essentials for a regular and effective treatment. Sold by druggists everywhere at 60c per tube.—Adv.

## MORE SERIOUS NOW

Than Ever Before, Because of War-Reduced Reserve Strength.

The war has been far-reaching in its effects. It has caused worry and anxiety in every home, and has affected the health of every family. It has aggravated chronic troubles, increased their tenacity, and made all spring ailments more serious.

As a result, a blood-purifying, stomach-toning, spring medicine is more necessary this year than ever.

People still take Hood's Sarsaparilla because it is an old family friend, has proved its merits to three generations—as a spring and all-the-year-round medicine in purifying the blood, expelling humors, restoring appetite, relieving rheumatism, banishing that tired feeling.

It combines roots, barks, herbs, and berries often prescribed by physicians for spring ailments of the blood, stomach, liver and kidneys. Hood's Pills are a good cathartic.

## CHURCH OFFICERS FOR COMING YEAR ARE ELECTED

Officers for the coming year were elected by the congregation of the First Reformed church, at the annual congregational dinner and meeting which was held Monday night at the church.

A feature of the meeting was a talk to the congregation delivered by Dr. George E. Guille, and concluding his talk he gave a short devotional exercise from the book of Joshua. Officers of the congregation were elected as follows: Elders, Adolf Moser, W. L. Miller, and J. W. Peterson; Deacons, H. E. Eavey, O. E. Painter, George Page and M. L. Wolf; Chairman of the Congregation, W. L. Miller; Secretary, Miss Julia Schweibold; Treasurer, William Priest; Trustee, George Stiles.

Reports showed a good financial condition of the congregation, with no deficits in any of the branches. The present membership of the church is 395.

There was a representative gathering at the meeting, and at the dinner which preceded it. Dinner was served at 7:30 and the tables were laden with the delicious food brought by the women of the congregation. The tables were decorated with potted plants.

GOOD HOUSEKEEPERS USE BEST That is why they use Red Cross Ball Blue. All leading grocers, 5 cents.

## GOODBY, WOMEN'S TROUBLES

The tortures and discomforts of weak, lame and aching back, swollen feet and limbs, weakness, dizziness, nausea, as a rule have their origin in kidney trouble, not "female complaints." These general symptoms of kidney and bladder disease are well known—so is the remedy.

Next time you feel a twinge of pain in the back or are troubled with headache, indigestion, insomnia, irritation in the bladder or pain in the loins and lower abdomen, you will find quick and sure relief in GOLD MEDAL Haarem Oil Capsules. This old and tried remedy for kidney trouble and allied derangements has stood the test for hundreds of years. It does the work. Pains and troubles vanish and new life and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day.

GOLD MEDAL Haarem Oil Capsules are imported from the laboratories at Haarem, Holland. Do not accept a substitute. In sealed boxes, three sizes.

## CLIFTON

Dayton Presbytery accepted the invitation of the Clifton Presbyterian church to meet with them in the fall. Mrs. Walter Corry has been at Battle Creek Sanatorium for the past ten days.

The Parent-Teachers' Association will meet in the High School auditorium next Friday afternoon.

Twenty-four pupils of the geology class of the O. S. U. with their teacher, Prof. Leighton, spent the day studying the rock formations at the cliffs a week ago. They came by train to Cedarville and were driven across in automobiles.

The Presbyterian congregation, who have held services in the K. of P. Hall for four months, were rejoiced to be back in their church on Easter.

Everybody is interested in watching for the War Tank No. 4, which is scheduled to pass through our village about 11 o'clock next Friday morning, in the interest of the Liberty Loan.

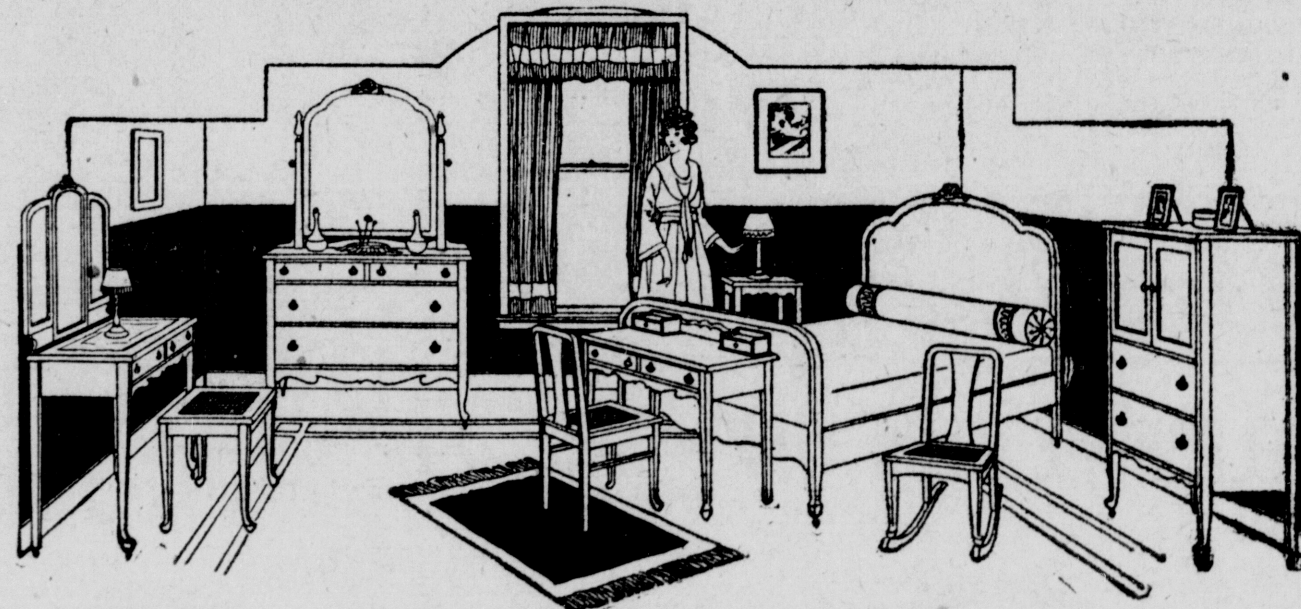

Wilma Corry, little daughter of Mr. and Mrs. Herbert Corry, was hostess to twenty-seven children at an Easter party at her home last Saturday afternoon. Easter games, ice cream and cake, with dainty Easter baskets containing candy eggs, tiny chicks and rabbits as souvenirs, brought delight to the little guests.

## HARD ON SHOES? THEN READ THIS

"I marched through the mud of Flanders, through a large part of the Lorraine sectors, and lastly from Chateau Thierry to Fismes, and my shoes with Neolin Soles are still in good condition. For five months I alternated these shoes with two other pairs, which are now worn out, but the Neolin Soles look as if they had another five good months of wear left in them." Written by Lieut. Ederly Austin, American Expeditionary Forces, France—October 17th, 1918.

This is exceptional service, all army men will agree. Civilians rarely give their shoes usage such as this; but if they are hard on shoes, and want to out their shoe bills down, let them try Neolin-soled shoes. These shoes are obtainable at most shoe stores, in many good styles for men, women and children.

## What the FORDSON Service Will Do For You

There are two big factors to consider when you are buying a tractor—both equally important—the tractor itself and the service rendered.

A tractor which is standing idle because the service is far away or because the dealer hasn't the proper parts is a poor investment, no matter how well the tractor itself may be made.

Fordson Tractors are selling by the thousands every month and are giving universal satisfaction all over the world because of this.

The tractor itself is made as durable, dependable, efficient and economical as the best engineering skill, the finest materials and workmanship can make it.

And add to this, wherever a Fordson Tractor is sold, you will find parts and service as quickly and easily available as the kerosene you put into the tank.

Our service means this to you. First, that we will thoroughly instruct you how to get the most out of your

tractor—how to operate it properly so as to avoid trouble—how to make all minor repairs and adjustments so that only on rare occasions will you have to call for help.

But when you do require help for repair work or parts you will find us ready at a moment's notice.

Our stock of parts is complete, our mechanics are experts.

Fordson service is delivered to your farm.

To own a Fordson means that you own a durable, dependable, economical tractor that will serve you every working day in the year.

The Fordson Company—make it durable and dependable.

We keep it so.

April 9th at the Van Tress farm at Waynesville, Ohio, there were 8 makes of tractors in the field with Judges to decide and the FORDSON TRACTOR came out the winner, speaks pretty well for it, don't it?

**DANCE GIVEN BY ELKS PROVES VERY DELIGHTFUL EVENT**

The first of the gayeties following the Lenten season, which was the Easter Monday dance given by the Elks at their club rooms, was a most charming success, many dancers taking advantage of the opportunity of the first respite from Lenten restrictions.

Almost two hundred people were present at the Easter party, the crowd being one of the best that has attended the numerous Elks affairs given this winter and spring. The Mullen orchestra of Dayton was jazzily perfect and the music added to the charm of the dance. The program was interspersed with a number of "starlight" dances which proved very popular. Refreshments of ice cream, cake and coffee were served in the banquet hall at an intermission, and there was also excellent punch. The Elks' committee in charge consisted of Jacob Kany, L. E. John and Stephen Phillips. There were a number of out of town guests including a number of Wilmington people.

**MADE IN GERMANY**

Canton, O., April 22.—Probate court officials were shocked today to learn for the first time that the elaborately flowered marriage certificates they have been selling to prospective newlyweds bear a conspicuous "made in Germany" imprint. A patriotic bride indignantly called the attention of the court to the matter.

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently on the bowels and liver stimulating them to natural action clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

They Have Nerves of Iron and Real Red Fighting Blood

Vital force is the material from which leaders in all walks of life are made, it is well worth getting and holding.

The health and nerve of the athlete is what Nature intended every man and woman to have.

The blood of an athlete is pure and red, a strong heart pumps and drives it through his body. No wonder that every inch of his system is filled with energy and health, his nerves like iron, spirits high, hard tasks a pleasure and life one song of joy.

A leading Doctor says, "Everyone should feel this way. That if you are not red blooded, are nervous, all run down and on your last legs, for you to build up your blood and nerves with exercise, fresh air, nourishing food and Nature's great prescription, Phosphated Iron, a real blood and nerve builder."

He also says, "Phosphated Iron feeds the blood cells with iron and Nerve force, and that leading specialists are now using it successfully all over the country, that it is one of the few remedies that better class doctors can now depend on to produce results."

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

MRS. T. G. CARTER, 5609 Russell Ave.

I ordered six boxes of your treatment, and today I am a well woman, can do my work and enjoy myself. Words cannot express my gratitude. Use my letter wherever you wish, as I am convinced there is nothing in the world like the Opaline Treatment."
